Principal's Message

One of the school's Major Concerns for this school year is "to unleash students' potentials in meeting future challenges, while enjoying strong support of the Motherland and being closely connected to the world". On one hand, the school should promote understanding of Chinese history and heritage among our students. On the other hand, we should strive for equipping our student leaders with necessary skills so that they can collaborate with others and cope with the ever-changing world through life-wide learning.

This school year, we arranged the Chinese Culture Festival from late September to mid-October 2023. The festival was composed of a series of learning activities organized through cross-curricular collaboration among the Chinese Language, Citizenship & Social Development, Citizenship, Economics & Society, Music, Visual Art and Physical Education, as well as the Moral & Civic Education Team. The activities so arranged included educational visits, workshops, learning experiences, exhibitions and games.

On 17 October 2023, our Students' Union were elected to represent all students. I hope that the newly elected student leaders, with their services, could foster even closer ties among our students and teachers as well as open wider opportunities for their schoolmates to unleash their potentials.

S5 Chinese Heritage Visits

26 September 2023

10 October 2023

The learning objectives of these tours are to deepen students' understanding about Chinese festivals, the production of traditional foodstuffs, and the associated cultural inheritance through the experiential learning in Tai Hang and Sai Ying Pun on 26 September and 10 October 2023 respectively. The learning experiences included guided visits to the Tai Hang Fire Dragon Heritage Centre, Lin Fa Kung, Teo Chew Cultural Association and "Dried Seafood Street"; as well as the production and tasting of Hakka steamed glutinous rice cake, Teo Chew mooncake and Kung Fu Tea.

Exhibition & Booth Activities

11-12 October 2023

During these two days, captivating experiential learning activities were arranged in the School Hall. These comprised the demonstration of "ancient Chinese golf", "ancient Chinese football" and "fifteen-pin bowling" held during Ancient Sports Tournaments; lantern riddle activities; displays and games of Chinese musical instruments; as well as handcraft workshops on the rainbow penmanship and production of dough figures. Students were fascinated and engrossed by the hands-on participation.

Students' Union Election Day

17 October 2023

Especially competitive this year, we have 3 cabinets standing for the Students' Union Election, namely "Blast", led by Wong Tim Lok from S5B, "Dandelion", by Chan Sheung Yi from S5D and "H2O", led by Wu Yiu Yiu, also from S5D. All students listened attentively to the election platforms during the forum and then exercised their right of suffrage to vote for their beloved representative team for the school on 17 October 2023. Eventually, "Dandelion" won and will represent their schoolmates in this school year. Congratulations!
