Principal's Message

In this December, I would like to earnestly deliver my wishes to you all for a joyous Christmas cum a New Year filled with love, happiness and prosperity!

With the cancellation of the Sports Day, we arranged the brand new "Games Day" instead in this school year. The Games Day was successfully held on the school campus on 18 November 2021.

The fantastic Games Day brought together students and teachers to embrace the good weather, and demonstrated harmony and unity when they acted for the common goal. This was the result due to the concerted efforts made by the 4 Houses and Sports Association.

We were honoured to have Mr. Tsui Siu Keung, Chairman of Cognitio College Foundation, to present the medals to the prize-winners. Eventually, Green House claimed the title of overall championship in the wonderful event. Congratulations to all members concerned!

Games Day Activities 18 November 2021

The competition events among 4 Houses were as follows:

1. Three-Point Field Goal (Basketball)
2. 16-square Goal (Volleyball)
3. Dodgebee
4. Obstacle Course
5. Just Dance Battle
6. Table Tennis
7. Single Rope Speed Relay
8. Rope Jumping

Each event had its own supporters. By observation, it seemed that there were more fans supporting "Just Dance Battle".

Mixed Student-Teacher Contests

Students representing their corresponding Houses showed their strength and sportsmanship in all events. The events with the most emotive atmosphere should go to the 2 races involving both student and teacher contestants, namely table-tennis and rope jumping. High-spirited audiences cheered to show support and screamed their appreciation just like in a frequent ebb and flow.

S6 Graduation Obstacle Race

The highlight of the Game Day should go to the gruelling obstacle race among the four S6 classes. During the event, all S6 students put on their corresponding class tees to show their disposition. In this tighter struggle, the participants did their utmost in representing their own classes and strived with sweat and toil for the championship. It did not matter which class was the winner, as our S6 students truly displayed their sportsmanship that fascinated their supporters.

After the race, Mr. Tsui was cordially invited to present the souvenirs to all S6 classes. All teachers and I are proud of our S6 students, and believe that they can sustain their spirit in this difficult time. I am certain that they should be ready to take the challenge of the coming public examination, by tackling all obstacles ahead.

	冠軍	亞軍	季軍
籃球三分王	綠社	紅社	黃社
排球十六宮格	紅社	藍社	綠社
