## Principal's Message

Upon continuation of the path for our students towards normalcy in terms of life-wide learning, including cross-border educational visits, our school arranged 3 big events, namely the Annual Swimming Gala, the 60th Anniversary Symposium and the S5 Mainland study tour, before the Final Examination.

We encourage students to participate in regular exercise for the sake of maintaining good health. To dovetail with the aim of education to engage students in developing an active and healthy lifestyle, our Swimming Gala has promoted an optimized sports atmosphere in school.

In order to widen the exposure of our staff and S5 students in both schools, together with Cognitio College (Hong Kong), the Symposium is organized as the last, but not least, festive event to celebrate our diamond jubilee. Many of our IMC managers joined us as audience in the keynote speeches; whereas a number of alumni from all walks of life shared their invaluable experience at work with our S5 students during the parallel sessions.

As an integral part of the Citizenship and Social Development curriculum, the Mainland tour aims at enabling all senior secondary students to gain first-hand understanding of our country and its latest development through field study activities, understand and appreciate Chinese culture as well as to develop their sense of national identity.

## The Annual Swimming Gala

19 May 2023

The Swimming Gala was held at Kwun Tong Swimming Pool on 19 May 2023. The atmosphere at the pool was vivacious as everyone was so energetic and spirited. Our students were keen to demonstrate sportsmanship and enjoy the fun of the water sports by cheering for their Houses. It is our honour to have Mr. Oscar Chi, who represented Hong Kong in the 2017 World Aquatics Championships, to share words of wisdom that made the Gala an unforgettable experience for our students. Green House claimed the title of overall championship at the Gala. We were also delighted that Wu Wai Ting, Leung Ka Ho Karl, Si Hoi Man, Yung Tsz Ho, Sung Hoi Yan Hannah and Law Wai Ki became the new record holders.

## 60th Anniversary Symposium

20 May 2023

The Symposium, jointly organized with Cognitio College (Hong Kong), was successfully held on 20 May. The theme is "Innovation in Education". The event commenced with the welcome speech by Ms. Au-Yeung Wai Yin, our School Supervisor, as well as the Keynote Speeches by Prof. Chiu Kin Fung and Dr. Tong Shiu Sing, both from the Chinese University of Hong Kong. In the subsequent parallel sessions, various guest speakers shared their valuable experiences with teachers and S5 students from both schools in nine parallel sessions. The audience were glad to have gained much inspiration from the sharing.

## Cultural Heritage & Sustainable Development Study Tour

25 May 2023

With the support from the Education Bureau, our S5 students visited Foshan via High Speed Rail from Hong Kong West Kowloon on 25 May. The tour was led by 10 teachers, among which Mr. Tam and Ms. Wong, our Principal and Vice Principal, are included. Visiting the Cantonese Opera Art Museum in the morning, our students appreciated the effort made for the transmission of the intangible cultural heritage in the province. In the afternoon, students were excited to stay at the Lingnan Tiandi, which consists of blending cosmopolitan elements and state-of-the-art facilities in a quality city-core integrated development. Through the study tour, our students feel so proud of the latest development and contribution to conservation made by our Motherland.
